Lucknow, Uttar Pradesh ✉ harshgupta1941@gmail.com ☐ +91-6392682530 in in/harsh19-g

EDUCATION

Bachelor of Technology

Minor in Information Technology · Babu Banarasi Das Northern India Institute of Technology · Lucknow ,Uttar Pradesh · 2024 · 8.46 CGPA

Intermediate

Minor in PCM · Rani Laxmi Bai Memorial School · Lucknow ,Uttar Pradesh · 2019 · 86.6%

PROJECTS

WordWeaver

https://harsh19-g.github.io/WordWeaver/
· Crafted a text conversion website, enriching it with a wide array of features such as transforming text to uppercase and lowercase, copying text, and clearing content, culminating in an intricate codebase spanning 500+ lines.
· Forged the website's core structure using a 5 technology stack, involving HTML, CSS, Bootstrap, React.js, and JavaScript.
· This comprehensive architecture demanded 15 days of intensive work, covering the entire process from design through development.

TechHub: Your Source for Tech News and Hackathons

Technology and Hackathon News · https://harsh19-g.github.io/iCoderBootstrap/
· This dynamic webpage will serves as a central hub for tech enthusiasts, delivering current tech news and details on upcoming Hackathons.
· This extensive website boasts a robust codebase totaling 1500+ lines of code.
· Crafted with a tech stack encompassing HTML, CSS, and Bootstrap, it guarantees an aesthetically pleasing and user-friendly interface, and accomplished within 48 hours.

EXPERIENCE

Machine Learning

SYNC INTERN'S   March 2023 - April 2023, Prayagraj , UP
· I embarked on a virtual internship that entailed completing tasks within specified time frames.
· During this internship, I actively engaged in projects involving Face Recognition, Sign Language Classification, and Chatbot development.
· This experience significantly bolstered my expertise in machine learning and its associated libraries.

CERTIFICATIONS

Learn C++ Programming -Beginner to Advance- Deep Dive in C++

Udemy · 2023
· The C++ programming certificate, emphasizing OOPs concepts, holds great relevance in the tech industry, validating essential skills for software development. Proficiency in OOPs elevates code quality and reusability, valuable for aspiring software engineers.

RESPONSIBILITIES

Member of IIC

Babu Banarasi Das Northern India Institute of Technology · Institution's Innovation Council (IIC) · May 2022 - May 2023
· Organized Workshops:- Conducted 5 workshops to enhance the knowledge and skills.
· Connected students with resources: Helped 30 group of students access valuable resources.
· Partnership with patent manager: Collaborated with patent Manager to enhance our students' understanding of patent-related matter.

SKILLS

Front End Tech Stack:- HTML , CSS , JavaScript || Frame Works :- Bootstrap , React.js
Languages/Concept :- C++/ OOPs , Data Structures and Algorithm || DataBase : My SQL
